getting your feet wet

- 💧 Pump sales, servicing, maintenance, & installation
- 💧 Borehole drilling & cleaning
- 💧 Water & sewage treatment
- 💧 Water storage tanks & reservoir maintenance
- 💧 Grease & oil management solutions

Industrial Water Treatment

Wessex Pumps and Pipework has over 100 years of combined experience within the water, wastewater, drainage, and sewage industries.

We ensure our clients get the tailored, creative solutions, and high level of customer service that is only really found in small companies; providing long term, turn-key solutions for any project - whether big or small.

Our dedication to providing the highest quality of service is demonstrated by being awarded ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, CHAS, and Achilles accreditations.

Wessex Pumps and Pipework likes to do things the right way, and our customers agree that we have a team that are knowledgeable and work to a high standard, every time.

## CCTV / Jetting & Effluent Tank Emptying

A complete tank and pipeline service  
CCTV pipe inspections – Tankering –  
Pipeline jetting – Drain clearance works

## Pressure Booster Sets & all Types of Pumping Equipment

Single and multi-pump sets – all types of pumps for water, sewage, chemicals, and process

- Single and twin pump booster sets
- Bespoke pumping units
- All makes and types of pumps

## Borehole & Water Supply Systems

Sourcing, drilling, and pumping, including full turnkey projects

- Well and borehole pumps – Hydrological surveys and water divining – Borehole pump controls – Borehole drilling

## Sewage Pumping Stations & Sewage Treatment Plants

Supply, install, commission, and servicing – including full turnkey projects  
Pumping stations – Sewage treatment plants – Septic Tanks – Tertiary treatment systems

## Water Treatment & Water Storage

Storage tanks, filtration, and sterilisation equipment; Water testing and analysis

- GRP and polyethylene one piece and sectional tanks – Spring, mains, and raw water storage – Ultraviolet and filtration systems – Iron and nitrate removal plants

## Andel Packages & Tanks

### Underground Tanks

Drinking water and general water storage tanks

### Rainwater Tanks

Rainwater harvesting and packaged water tank booster sets

### Septic Tanks

Shallow and standard dig type

### Domestic & Commercial Sewage Treatment Tanks

### Cesspools

Effluent storage

### Pump Stations

Single and twin pump packaged pump stations

### Hydrocarbon Separators

Forecourt, full retention, and by-pass separators

### Grease & Silt Separators

Silt traps, grease traps, and washdown interceptors
